

Why Purchase Tricare Appearance Protect?

CORROSION PROTECTION

Electromagnetic protection extends to areas of your vehicle left unprotected by traditional rust spray solutions.

An environmentally-friendly alternative to chemical sprays.

One-time installation with no inspections or re-applications required.

PAINT PROTECTION

An eco-friendly exterior paint treatment free from volatile organic compounds (VOCs) and specifically formulated to bond directly to your vehicle's clear-coat finish.

Provides a lasting protective barrier and creates a smooth, easy to clean surface that resists adhesion and protects against the harmful effects of UV rays, bird droppings, tree sap, acid rain and more.

INTERIOR PROTECTION

Our eco-friendly interior protection acts as a powerful and invisible barrier, specially formulated to guard against repeated spills, with no change to the surface's natural appearance.

Professional one-time application.
